

Phones & Digital Life — Interview Practice Questions

(answer truthfully; don't guess if unsure).

1) Phone providers and plan basics

- What phone provider does each of you use (Verizon, T-Mobile, AT&T, etc.)?
- Are you on the same phone plan or separate plans?
- If same plan: whose name is the account holder (primary)?
- How many lines are on the plan total (including kids/relatives if any)?
- How is the phone bill paid (autopay, manual) and who pays it?

2) Phones and devices (basic details)

- What type of phone does each person use (iPhone/Android)? Which model if you know?
- What color is each phone and do you use a case (what color/style)?
- Do you share devices (tablet, iPad, laptop) or keep separate devices?
- Do you have a home computer or shared laptop? Where is it kept?

3) Communication habits (apps, frequency, patterns)

- How do you communicate during the day (text, phone calls, WhatsApp, FaceTime, Messenger)?
- Which app do you use most often with each other?
- About how often do you message/call on a normal weekday (rough estimate)?
- Who tends to initiate contact more often?
- Do you have nicknames for each other in your contacts?

4) Shared photo albums and memories

- Do you share photos through iCloud Shared Albums, Google Photos shared albums, or another method?
- Do you have a shared folder/album for trips or family events? What's it called (if any)?
- Where do you store most photos (phone storage, iCloud, Google Photos)?
- Who takes more photos, and who usually posts them (if posted)?

5) Apple/Google ecosystem sharing (if applicable)

- Do you use Apple Family Sharing or Google Family (Play) Library?
- Do you share app purchases, subscriptions, or cloud storage as a family?
- Do you share calendars or reminders (Apple Calendar/Google Calendar)?
- Do you share location (Find My / Google Location Sharing)? If yes, who shares with who?

6) Streaming and subscriptions (shared accounts)

- Which streaming services do you use (Netflix, Hulu, Disney+, Amazon Prime, etc.)?
- Which subscriptions are shared vs separate?
- Whose name/email is on each subscription (if you know)?
- Which device do you watch on most (living room TV, phone, tablet)?
- Do you have profiles set up (separate user profiles)? What are they named (if relevant)?

7) Internet and home tech (connected digital life)

- Who is the internet account under (name) and which provider (if known)?
- Do you both have access to the Wi-Fi password? Where is it written/saved?
- Do you use smart home devices (Alexa/Google Home, smart TV apps)?
- Do you use shared accounts for the TV/smart TV login (Roku, Fire TV, Apple TV)?

8) Shared records and digital proof (only what's real)

- Do you have shared email threads for bills, travel bookings, repairs, or family plans?
- Where are important confirmations stored (email, screenshots, apps)?
- Do you use shared notes for grocery lists or plans (Apple Notes/Google Keep)?
- Do you keep digital copies of documents (lease, insurance) in cloud storage? Where?

9) Security and access (keep simple and truthful)

- Do you know each other's phone passcodes (optional, only if true)?
- Do you have emergency contacts set up in your phones? Who is listed?
- Do you have shared passwords saved in a password manager (only if true)?

10) "Reality check" questions (recent and specific)

- What app did you last use to message each other today?
- When was your last call today (approx) and what was it about (general topic)?
- Name one recent photo you both have access to (trip, family event) and where it's stored.
- Which subscription charge did you see most recently and whose account is it on?

Tip: If you're unsure about provider names, account holder, or subscription email, check your phone bill/subscription app before answering. Don't guess.
